Preface

Introduction

1	Welcome to Japanese University! _____	8
2	University Libraries in Japan _____	10
3	How to use other university libraries in Japan _____	10

Part I Library Information and Services

1	To use the Libraries in Tohoku University _____	12
1.1	Library card and your ID/PW _____	12
1.2	Libraries in the Tohoku University _____	13
1.3	Library hours _____	13
1.4	Your contact library _____	14
2	Services _____	15
2.1	Outline _____	15
2.2	MyLibrary service (Tohoku University members only) —	15
2.3	OPAC _____	17
2.4	Circulation _____	17
2.4.1	Borrowing _____	17
2.4.2	Extension of borrowing limits _____	18
2.4.3	Return _____	18
2.4.4	Inter-Campus Delivery Service _____	18
2.5	Photocopy _____	19
2.6	Interlibrary Loan _____	20

Part II Information Research in Natural Science —E-Journal and Database

1	Flow of Research Activity and Information Research _____	22
2	Tohoku University "Online Catalog(OPAC)" _____	24
2.1	How to Input Keywords _____	25
2.1.1	Search by Bibliography or Key Words _____	25
2.1.2	Chinese letters, Em-/En-size, etc. _____	25
2.1.3	Truncation _____	25
2.1.4	Others _____	26
2.1.5	Logical Operation("Advanced Search") _____	27
2.2	Detailed Information on Books _____	28
2.3	Detailed Information on Journals _____	29
2.3.1	Display of Locations _____	29
2.3.2	Detailed Location of Bindings _____	31
2.3.3	Detailed Location of Non-bindings _____	31
2.4	To Search Collections of Other Universities _____	32
3	E-journal _____	34
3.1	Database or E-journal? _____	34
3.2	Operation _____	35
3.2.1	Search Articles at Publisher's Websites _____	41

3.2.2	Contents Alert	42
3.2.3	Purchase	43
4	Databases	44
4.1	Web of Science	44
4.1.1	About Web of Science	44
4.1.2	Features	44
4.1.3	Operation	45
4.1.4	Relation of articles	49
4.1.5	Article Relations in Web of Science	51
4.2	SciFinder Scholar	52
4.2.1	About SciFinder Scholar	52
4.2.2	Begin Search	53
4.2.3	Literature Search (Basic flow)	55
4.2.4	Search by "Research Topic"	58
4.2.5	Search by "Author"	59
4.2.6	Search by "Document Identifier"	59
4.2.7	Chemical Substance Search(Basic flow)	60
4.3	PubMed	66
4.3.1	About PubMed	66
4.3.2	Features	66
4.3.3	PubMed and Other Resources in Entrez	67
4.3.4	Keyword Search	68
4.3.5	Single Citation Matcher	71
4.3.6	History search	72
4.4	Medline	73
4.4.1	About Medline	73
4.4.2	Features	73
4.4.3	Keyword Search Using Thesaurus	73
4.5	Biological Abstracts	78
4.5.1	About Biological Abstracts	78
4.5.2	Flow of Search for Biological Abstracts on the OVID system	79
4.6	CrossFire	82
4.6.1	About CrossFire	82
4.6.2	Features	82
4.6.3	Search for Compounds	84
4.7	Other Databases	87

Part III Information Research in Natural Science -Other Types of Resources

1	Research Information other than Books or Journals	90
2	Dissertations	91
2.1	Features and Outline	91
2.2	Searching for Japanese Dissertations	92
2.3	Searching for Foreign Dissertations	94
2.4	How to Get	97
3	Technical Reports	98
3.1	Features and Outline	98

3.2	Searching for Japanese Technical Reports	100
3.3	Searching for American Technical Reports	102
3.4	Searching for Other Country's Technical Reports	105
3.5	How to Get	106
4	Proceedings	107
4.1	Features and Outline	107
4.2	Searching for Japanese Proceedings	109
4.3	Searching for Foreign Proceedings	111
4.4	How to Get	114
5	Patents	115
5.1	Features and Outline	115
5.2	Searching for Japanese Patents	117
5.3	Searching for Foreign Patents	121
5.4	How to Get	125
6	Standards	126
6.1	Features and Outline	126
6.2	Searching for Japanese Standards	128
6.3	Searching for Foreign Standards	130
6.4	How to Get	133
7	Other Types of Materials	134
Appendix 1 Floor Map		136
Appendix 2 Information Service Institutions		141
Appendix 3 Abbreviation Table		142
